Resolution Adopting MATS Destination 2040 Long Range Transportation Plan	v
 Executive Summary	
ES 1.0 Introduction	ES-1
ES 1.1 Public Involvement	ES-3
ES 1.2 Environmental Concerns	ES-3
ES 1.2.1 Wetlands	ES-4
ES 1.2.2 Historic Property	ES-4
ES 2.0 2040 MATS Plan Summary	ES-7
ES 2.1 Title VI in Development of the Long Range Plan	ES-7
ES 2.2 Public Transportation	ES-8
ES 2.3 Bicycle / Pedestrian	ES-9
ES 2.4 Highway Facilities	ES-10
ES 2.5 Climate Change Analysis	ES-18
ES 2.6 Congestion Management Process	ES-20
ES 2.7 Freight	ES-20
ES 2.8 Air Quality Conformity Determination	ES-21
ES 3.0 Appendices	ES-21
 1.0 Title VI in Development of the Long Range Plan	
1.1 Definition, History and Principles	1
1.2 Measures for Evaluation	1
1.3 Public Involvement Measures	2
1.4 Evaluation of the Long Range Plan	2
1.5 Definition of Target Population and Thresholds	2
1.6 Analysis	3
1.6.1 Accessibility to Essential Services and Activities	3
1.6.2 Central Business District	9
1.6.3 Retail Sector	9
1.6.4 Post-Secondary Education Facilities	9
1.6.5 Medical Services	9
1.6.6 Transit Accessibility to Essential Services	10
1.7 Employment Opportunities	10
1.7.1 Transit Employment Opportunities	10
1.8 Evaluation	11
1.8.1 Central Business District	14
1.8.2 Retail Sector	14
1.8.3 Post-Secondary Education Facilities	14

Table of Contents (continued)

	Page
1.8.4 Medical Services.....	16
1.8.5 Transit Accessibility to Essential Services	16
1.9 Travel Time to Employment Opportunities.....	18
1.9.1 Transit Employment Opportunities.....	20
1.10 Environmental Justice Conclusion.....	20
1.10.1 Short-Term and Displacement Impact	25
1.10.2 Economic Impacts.....	27
1.10.3 Multi-Modal Impacts	27
2.0 Public Transportation.....	29
2.1 Market Analysis/Transit Propensity	29
2.1.1 Commute Travel Patterns.....	32
2.1.2 Commute Mode Split	33
2.2 Existing Public Transportation System.....	34
2.2.1 Fixed Route Public Transportation Provided by the Wave Transit	34
2.3 Special Services	37
2.3.1 CBD Circulator Service provided by the Wave Transit	37
2.3.2 Neighborhood Service Provided by the Wave Transit.....	37
2.3.3 Paratransit Service Provided by the Wave Transit.....	40
2.4 Additional Existing Services.....	40
2.4.1 Campus Shuttle Service	40
2.4.2 Regional Services - Bayline	40
2.4.3 Carpool.....	41
2.4.4 Rural Operations	41
2.5 Transit Standards	41
2.6 Future Visionary Transit Projects and Service Development for the Wave Transit.....	43
2.6.1 Current Services of the Wave Transit	45
2.6.2 Immediate Implementation	45
2.6.2.1 Route 5	47
2.6.2.2 Route 16	47
2.6.2.3 Route 19	48
2.6.2.4 Route 20	49
2.6.3 Phase 1 Cost Feasible Changes.....	49
2.6.3.1 Route 1	50
2.6.3.2 Route 4.....	52
2.6.3.3 Route 7	52
2.6.3.4 Route 9.....	52
2.6.3.5 Route 10.....	53
2.6.3.6 Route 11	53
2.6.3.7 Route 12.....	53
2.6.3.8 Route 15.....	54
2.6.3.9 Route 18.....	54
2.6.3.10 New Route A1.....	55

Table of Contents (continued)

	Page
2.6.3.11 New Bel Air Mall/Airport Route	55
2.6.3.12 New Overlook Flex Route	56
2.6.3.13 New Cottage Hill Flex Route.....	57
2.6.4 Phase 2 Route Implementations	59
2.6.4.1 New Route A2.....	60
2.6.4.2 Bel Air Mall/USA/Wal-Mart Route.....	61
2.6.5 Phase 3 Improve Service Frequency.....	62
2.6.5.1 Improved Service Frequency and Ridership.....	63
2.6.5.2 Satchel Paige Flex Zone.....	65
2.7 Future Capital Improvements	66
2.7.1 West Side Transfer Station	67
2.7.2 Buses	67
2.7.3 Passenger Amenities	67
2.8 Future Additional Capital Improvements	67
2.8.1 Mobile Intermodal Passenger Terminal Complex	67
2.8.1.1 Passenger Terminal (Ferry and Rail)	67
2.8.1.2 Pedestrian Access.....	68
2.9 Transit Funding.....	68
2.10 Congestion Mitigation and Air Quality (CMAQ).....	69
2.11 Local Funding	69
2.12 State Funding	69
2.13 5307 Funds.....	69
2.14 Rural Funding	70
2.15 Enhanced Mobility of Seniors and Individuals with Disabilities (5310).....	70
2.16 Bus and Bus Facilities (5339).....	70
2.17 Transit Summary and Conclusions	71
3.0 Comprehensive Bicycle and Pedestrian Plan.....	72
3.1 Introduction.....	72
3.2 The Process	72
3.3 Public Involvement	73
3.3.1 Bicycle & Pedestrian Advisory Committee.....	73
3.3.2 Public Meetings	74
3.3.3 Website Postings.....	76
3.4 Background / Purpose.....	76
3.5 Review of Existing Plans	77
3.6 Inventory and Analysis of Existing Conditions	77
3.6.1 Major Streets.....	77
3.6.2 Existing Bicycle and Pedestrian Facilities	84
3.6.3 Bicycle Facility Definitions	85
3.6.4 Pedestrian Facility Definitions.....	85
3.6.5 Off-Street Bicycle Facilities	86
3.6.6 On-Street Bicycle Facilities	86

Table of Contents (continued)

	Page
3.6.7 Off-Street Walkways	87
3.6.8 On-Street Walkways	88
3.6.9 Shared-Use Facilities	89
3.6.10 Public Facilities & Other Destinations	90
3.6.11 Park and Recreation Facilities	90
3.6.12 Schools	90
3.6.13 Shopping Areas	91
3.7 Bicycle / Pedestrian Collision Analysis	97
3.7.1 Bicycle Collisions	97
3.7.2 Pedestrian Collisions	98
3.8 Bicycle and Pedestrian Survey	98
3.8.1 Key Findings of Bicycle and Pedestrian Survey	98
3.9 User Needs Assessment	100
3.9.1 Needs and Types of Bicyclists	100
3.10 Recommended Bicycle / Pedestrian Plan	101
3.11 Proposed Shared-Use Facilities	102
3.12 Proposed Bikeway Plan	103
3.13 Proposed Walkway Plan	104
3.14 Education and Outreach Strategies	116
3.14.1 Existing Bicycle Education and Encouragement Programs	116
3.14.2 Education and Encouragement Strategies	117
3.14.3 Safety	118
3.14.4 Enforcement	119
3.15 Complete Streets	120
3.16 Road Diet	121
3.16.1 Functional Improvements	121
3.16.2 Appropriate Conditions for Road Diet	121
3.16.3 Road Diet Benefits	122
3.17 Management, Operation and Policy Recommendations	123
3.18 Operational Considerations	123
3.19 Maintenance	125
3.20 Supportive Policies	126
3.21 Implementation Strategy	128
3.22 Plan Prioritization and Estimated Cost	128
3.23 Potential Funding Sources	128
3.23.1 Federal and State	129
3.23.2 Local	129
3.24 Proposed and Prioritized Bikeways and Walkways	129
3.25 Proposed I-10 Mobile River Bridge	130
4.0 Highway Facilities	131
4.1 Socio-Economic Data	131

Table of Contents (continued)

	Page
4.1.1 Socio-Economic Projections	136
4.2 Regional Travel Patterns.....	144
4.2.1 Travel Demand Forecast Model.....	153
4.2.2 Model Calibration	153
4.3 Projected Traffic Conditions.....	155
4.4 System Concepts and Alternatives.....	160
4.4.1 Consistency with other Plans	161
4.4.2 Alternate 1	161
4.4.3 Alternate 2.....	161
4.4.4 Alternate 3.....	163
4.4.5 Alternate 4.....	165
4.4.6 Alternate 5.....	168
4.4.7 Summary and Conclusions.....	168
4.5 Recommended 2040 Highway Plan.....	171
4.5.1 Funding	171
4.5.2 The I-10 Mobile River Bridge.....	173
4.5.3 Cost	175
4.5.4 Freeway Improvements.....	176
4.5.5 Arterial Improvements	177
4.5.6 Priorities	186
4.5.7 Visionary Element.....	187
5.0 Climate Change.....	191
5.1 Impacts of Climate Change and Variability on Transportation Systems and Infra -structure	191
5.1.1 The Gulf Coast Study includes two phases	191
5.1.1.1 The Gulf Coast Study Phase One.....	191
5.1.1.2 The Gulf Coast Study Phase Two.....	192
5.2 Purpose.....	193
5.2.1 Transportation Climate Change Vulnerability Assessments: A Need for Streamlined Methodologies	193
5.2.2 Using this Methodology in Other Analyses.....	195
5.2.2.1 Building on Mobile-Specific Findings	196
5.2.2.2 Key Lessons Learned in Evaluating Vulnerability Using an Indicators Approach.....	196
5.3 Key Findings in Methodology	197
5.3.1 Scoping the Vulnerability Assessment	197
5.3.1.1 Use of Climate Data	197
5.3.1.2 Scoring Vulnerability through Exposure, Sensitivity, and Adaptive Capacity Indicator	198
5.3.1.3 Using Vulnerability Screen Results	199
5.3.2 Areas for Future Research	200
5.4 Key Findings in Mobile	201

Table of Contents (continued)

	Page
5.4.1 Overall Vulnerabilities of the Transportation System	202
5.4.1.1 Summary of Transportation System Vulnerabilities	203
5.4.1.2 Key Caveats in Vulnerability Assessment Results.....	203
5.4.1.3 Caveats	213
5.5 Overview of Vulnerabilities of Critical Highway Segments	214
5.5.1 Summary of Highway System Vulnerabilities	214
5.5.2 Caveats	221
5.6 Overview of Vulnerabilities of Critical Ports	221
5.6.1 Summary of Port System Vulnerabilities	221
5.6.2 Caveats	228
5.7 Overview of Vulnerabilities of Critical Airports	228
5.7.1 Summary of Airport Vulnerabilities	228
5.7.2 Caveats	230
5.8 Overview of Vulnerabilities of Critical Rail Segments	230
5.8.1 Summary of Rail System Vulnerabilities	231
5.8.2 Caveats	233
5.9 Overview of Vulnerabilities of Critical Transit Facilities	234
5.9.1 Summary of Transit Vulnerabilities.....	234
5.9.2 Caveats	237
6.0 Congestion Management	238
6.1 Congestion Management Strategies.....	238
6.2 Travel Demand Management (TDM) Approaches	238
6.3 Increasing the Number of Persons Per Vehicle/Vehicle-Trip Reduction	239
6.3.1 Carpool/Vanpool.....	239
6.3.2 Park and Ride Lots.....	240
6.3.3 Subscription Van Service.....	240
6.3.4 HOV Lanes	240
6.4 Measures to Encourage Use of Alternative Modes.....	240
6.4.1 Influences on Time of Travel and Need for Travel	241
6.4.1.1 Alternative Work Hours.....	241
6.4.1.2 Flex Time	241
6.4.1.3 Telecommuting	242
6.5 Traffic Operational Improvements	242
6.5.1 Intersection/Interchange Improvements.....	242
6.5.2 Turn Prohibitions	243
6.5.3 Traffic Signalization/Devices	243
6.5.4 Access Management Techniques.....	243
6.5.5 Incident Management Approaches	243
6.6 Public Transit Capital and Operation Improvements.....	244
6.6.1 Capital Improvements.....	244
6.6.2 Operating Improvements	244
6.7 Intelligent Transportation System (ITS)	244

Table of Contents (continued)

	Page
6.8 Additional Roadway Capacity	245
6.9 Funding Sources.....	245
6.10 Congestion Monitoring	245
6.10.1 National Comparison	247
6.11 Historic Travel Speeds	248
6.11.1 Travel Demand Forecasting Speeds.....	257
6.12 Project Development.....	258
6.12.1 The Congestion Management Committee	258
6.12.2 Screening Mechanisms	258
6.13 Screening Intersections	260
6.14 Recommended Improvements	260
6.15 The Airport Boulevard Capacity Study	261
6.16 Project Prioritization	263
6.16.1 Cost	263
6.16.2 Time Savings	265
6.16.3 Collision Savings	267
6.17 Benefit Cost Analysis	268
6.18 Performance Measures.....	271
6.18.1 Vehicular Volume.....	271
6.18.2 Travel Time/Speed.....	271
6.18.3 Delay	272
6.18.4 Transit Data.....	272
6.18.5 Vehicle Crash Data	272
7.0 Freight	273
7.1 Introduction.....	273
7.2 Growth in Freight.....	273
7.3 Freight Modes	275
7.3.1 Truck Freight	276
7.3.2 Rail Freight	280
7.3.3 Water Freight	281
7.3.4 Port of Mobile.....	282
7.3.4.1 Garrows Bend Intermodal Container Transfer Facility (ICTF)	283
7.3.5 Air Freight.....	284
7.4 Local Freight Movement Surveys	285
7.4.1 Survey Methods	286
7.4.2 Survey Contents	286
7.4.3 Survey Comments	291
7.4.4 Survey Reports.....	291
7.5 Freight Projects	295
7.5.1 I-10 Mobile River Bridge.....	295
7.5.2 Intermodal Container Transfer Facility Bridge.....	296
